We're Hiring!

MAPS College

Full-time Lecturer and Research Supervisor

We are seeking a qualified and experienced Lecturer and Research Supervisor to deliver research-related teaching and provide academic supervision to students undertaking bachelor's and master's degree programmes.

The ideal candidate will have a strong understanding of academic research methods, experience in higher education teaching and dissertation supervision, and the ability to support students across a range of business-related disciplines.

Key Responsibilities:

- **Teaching and Lecturing:** Deliver lectures primarily in research methods and related subject areas, with the flexibility to teach other business-related subjects.
- **Research Supervision:** Guide and supervise bachelor's and master's degree students throughout their research projects and dissertations, from proposal development to final submission.
- **Research Support:** Provide academic guidance on qualitative and quantitative research methods, research design, data collection, analysis and academic writing.
- **Academic Development:** Support students in developing research skills, critical thinking and the ability to conduct independent academic research.

Remuneration:

- MVR 20,000 – 25,000 per month, depending on qualifications and experience..

Requirements:

- Minimum qualification of a master's degree in a relevant discipline.
- Prior experience of student dissertation supervision.
- Sound knowledge of qualitative and quantitative research methodologies.
- Proficiency in Microsoft Office applications; knowledge of statistical and qualitative data analysis tools would be an advantage.
- Strong command of written & spoken Dhivehi and English.
- Excellent communication & interpersonal skills, with the ability to work effectively in a team.
- Prior experience in higher education teaching and academic research will be an added advantage.
