AT OAGA ART RESORT

We are seeking talents for the positions below

Online & E-Commerce Manager

Key Responsibilities: Manage the resort's digital revenue strategy, including pricing, inventory and distribution. Optimize rates and channels to drive direct bookings and profitability. Oversee revenue systems, manage promotions, monitor rate parity and identify growth opportunities.
Requirements: Bachelor's degree in Hospitality, Business, Marketing or a related field, with 6+ years of relevant experience. Strong knowledge of revenue management, pricing, e-commerce and distribution systems. Excellent analytical, communication and problem-solving skills. Maldives resort experience is an advantage.

Reservations Agent

Key Responsibilities: Handle booking enquiries from guests and travel partners, respond within 18 hours and accurately record reservations in Opera. Update room availability across booking channels, follow up on booking issues, coordinate guest requirements with relevant departments and promote resort experiences to support revenue and increase guest satisfaction.
Requirements: At least two years of resort experience, with working knowledge of reservation procedures, revenue and e-commerce tools. Strong written and verbal communication, attention to detail, customer service skills and proficiency in Microsoft Office are essential. Must be organised, flexible and able to manage priorities calmly while working independently and within a team.

Reservations Executive

Key Responsibilities: Handle reservation enquiries and bookings across all channels, ensuring timely responses and accurate entries in Opera. Maintain room availability, follow up on booking issues, coordinate guest requirements with relevant departments and promote resort experiences to support revenue and guest satisfaction.
Requirements: Relevant qualification and at least two years of resort experience, with working knowledge of reservation procedures, revenue and e-commerce tools. Strong communication, customer service and organisational skills, attention to detail and proficiency in Microsoft Office are essential, along with the ability to work independently, manage priorities and remain calm under pressure.

Recreation Host

Key Responsibilities: Develop and lead daily recreation programmes featuring sports, games, fitness sessions and tournaments for guests of all ages. Create new activities, coordinate animal experiences and encourage guest participation. Manage the Pulse recreation area, Arcade and gym, maintaining safe, clean and welcoming facilities.
Requirements: Minimum 2 years of experience in recreation, sports, fitness or guest activities, preferably in Maldives resorts. Outgoing personality with strong communication and leadership skills. Creative, organized and passionate about fitness. Animal handling experience or fitness qualifications are an advantage.

Spa & Wellness Therapist

Key Responsibilities: Deliver a variety of spa treatments, including traditional Maldivian therapies, while maintaining high service, hygiene and safety standards. Lead wellness sessions such as stretching, sound healing and meditation. Assist with spa reception, promote treatments and products, and ensure spa and gym facilities remain clean, welcoming and guest-ready. Foster a serene guest experience while collaborating with the team.
Requirements: Certified in spa or massage therapy with 4–5 years of experience, preferably in Maldives resorts. Strong English communication skills, a creative mindset and flexible schedule are essential. Must be available to join immediately. Female candidate only.

Technician/Mechanic

Key Responsibilities: Carry out timely maintenance and repair works across the resort, coordinating with relevant departments to ensure smooth operations and guest satisfaction. Maintain resort facilities and equipment in good condition, follow safety and brand standards, and support cost-effective maintenance practices. Contribute to team initiatives, uphold Oaga's culture and ensure a clean, safe and welcoming environment.
Requirements: Relevant technical qualification or experience in maintenance or mechanical works. Strong troubleshooting, practical and problem-solving skills, with the ability to work independently and across departments. Good communication, teamwork and time management skills. Must be reliable, flexible and committed to maintaining high standards of safety and service.
